

# GETTING STARTED IN IDEOPOLIS

## Searching Ideopolis

There are many ways in which we can search information in Ideopolis.

### Search box

This search box is found in the middle of the home screen. This search box works like many others, click in the rectangle area and type what you're looking for.

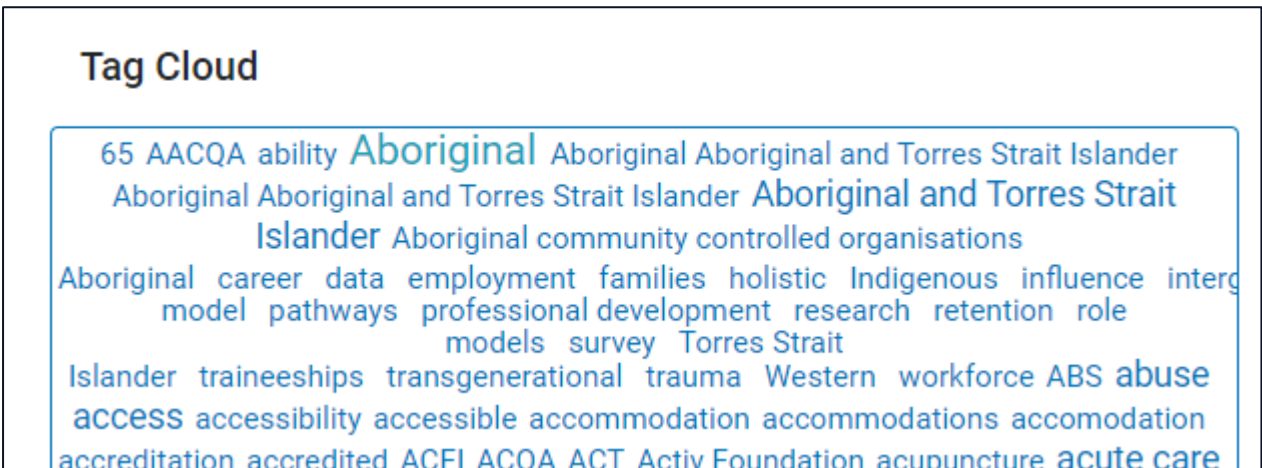

### Tag Cloud

When documents are added to Ideopolis tags are added e.g. Aged Care.

These tags are in the tag cloud and hyperlink to a search on that tag.

The larger the font in the tag cloud the more times that tag has been used.

### Industry Content Categories

The industry content categories also work as hyperlink search. Simply clicking the desired industry category will give you all the documents that are in that category.

## Industry Content Categories

- [Aboriginal & Torres Strait Islander Health](#)
- [Aged Care](#)
- [Allied Health](#)
- [Complimentary & Alternative Health](#)
- [Disability Support](#)

[Browse All Industry Topics](#)

## Skills & Education Content Categories

The skills & education content categories also work as hyperlink search. Simply clicking the desired skills & education category will give you all the documents that are in that category.

## Skills & Education Content Categories

- [Government](#)
- [Higher Education](#)
- [Training](#)
- [Vocational Education and Training](#)
- [Workforce Development](#)

[Browse All Skills and Education Topics](#)
